SHOOTING & TRAP

"Consistent performance. Unwavering reliability. Shooter and gun as one. The essence of Browning guns, taking our shooters to the top. And because innovation is the key to success, discover the new B525 Composite."

NEW B525 COMPOSITE
>> SEE PAGE 20

The B525 Composite is packed with appeal! Foul weather and intensive shooting sessions hold no fear for this outstandingly solid and fully adjustable composite. The overmoulded pistol grip and fore-end, the adjustable cheek piece, and the trigger give you a gun that is easily adjustable for superlative comfort.

B725 PRO

STEEL SHOT PROVED

EXCELLENCE BY BROWNING

Every day, clayshooters are adding to the reputation for excellence of Browning sporting shotguns, which combine outstanding performance with reliability.

The B725 Pro Master joins the Pro Sport and Pro Trap models in the B725 Pro range. This hybrid sporting/trap gun is adjustable for a better body fit and comes with a wide range of accessories to help you exceed your goals.

The B725 Pro range has been designed for shooters to adapt their gun and find the perfect body fit, whether it's for sporting clays, compak or trap. The advanced engineering of its adjustable comb and Invector DS™ Extended chokes are further enhanced by the groundbreaking Pro Balance System that lets you redistribute the weight of the stock and barrels to fine-tune the gun's balance just the way you want it.

B725 PRO

PERFORMANCE – EXCELLENCE – ADAPTABILITY

B725 PRO MASTER ADJUSTABLE

1

INTERCHANGEABLE RECOIL PADS

The B725 Pro range is supplied with interchangeable 15mm or 25mm recoil pads. They will enable you to adjust the length of your stock without the slightest difficulty.

2

ADJUSTABLE TRIGGER

The adjustable Triple Trigger System lets you make minute changes to the finger-trigger position on target shooting models. It includes three trigger shoes: wide chequered, narrow smooth and wide smooth canted.

3

ULTRA-HIGH PERFORMANCE MECHANICAL FIRING SYSTEM

The firing action is shorter, faster and lighter.
This innovation means superb ease of use with a guaranteed follow-up shot in any situation.

4

STOCK AND BARREL COUNTERWEIGHT

The Pro Balance System allows shooters to fine-tune the balance points for a perfect mount and swing. Adding counterweight to the stock helps balance the shotgun and the additional mass reduces felt recoil.
The barrel's counterweight is consists of tungsten plates which enable the gun's centre of gravity to be moved up to 20mm forwards.

5

BACK-BORED™ VECTOR PRO™ BARREL

The Back-bored™ Vector Pro™ barrel has an increased internal bore diameter and longer forcing cone. One barrel, two features, three benefits: greater velocity, better shot pattern and penetration, and reduced recoil.

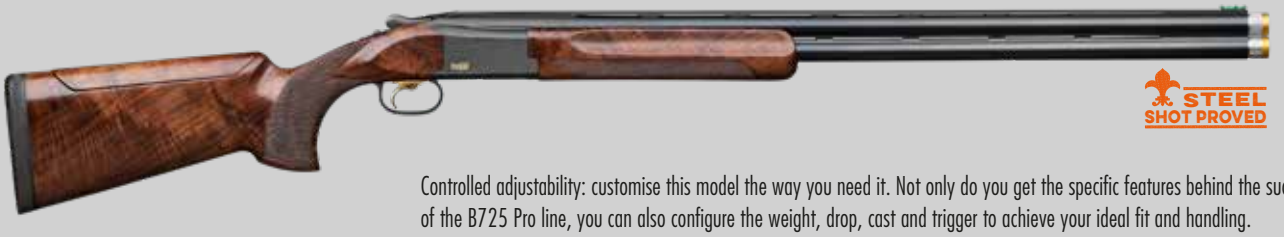

6

INVECTOR DS™ CHOKES

The Invector DS™ chokes provide unrivalled performance by providing an optimal length of 80mm, an exclusive internal shape and a patented gas seal segment.

B725 PRO SPORT ADJUSTABLE

Controlled adjustability: customise this model the way you need it. Not only do you get the specific features behind the success of the B725 Pro line, you can also configure the weight, drop, cast and trigger to achieve your ideal fit and handling.

THE ADJUSTABLE STOCK

Browning has made the B725 Pro fully adjustable by adding a cheek piece that lets you tailor the drop and cast as you want it.

B725 PRO TRAP

BROWNING IS ALSO YOUR PARTNER FOR TRAP, DOUBLE TRAP, OLYMPIC TRAP, UNIVERSAL TRENCH AND OLYMPIC TRENCH.

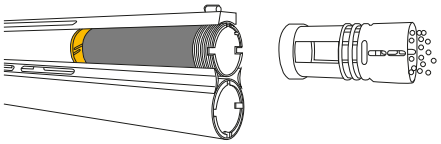

This model is a new version of the B725 Pro Trap High Rib. It combines unmatched shooting comfort with high performance. Its secret? The Pro Balance System, an adjustment system for fine-tuning the gun's balance by modifying the weight of the stock and the barrels as required. Fitted with eight Invector DS™ Extended chokes, Hi-Viz CompSight fibre-optic front sight and two extra triggers, it can be adapted to the requirements of the most demanding sport shooters.

THE PERFECT TARGET

Interchangeable Invector-DS™ chokes have been specially developed for our Back-bored™ barrel system. They have been designed to obtain the optimum spread at different shooting distances. Depending on the Browning choke you use, you can adapt your gun for the distances at which you shoot and the game you are hunting (Full Choke = 35 m, 3/4 Choke = 30 m, 1/2 Choke = 25 m, 1/4 Choke = 20 m, Cyl = 15 m).

INVECTOR DS™ CHOKES

1/2 CHOKE AT 25 M

B725 PRO TRAP

THE B725 PRO TRAP RANGE IS NOW AVAILABLE WITH AN ADJUSTABLE CHEEK PIECE.

B725 PRO TRAP ADJUSTABLE

Browning has optimised the vast potential of this model by complementing its primary qualities with an infinitely adjustable cheek piece, and a stock and barrels that feature Pro Stock and Pro Balance System technology. Now the balance of an over and under designed to be as one with its shooter can be fine-tuned even further. Making the B725 Pro Trap fully… adjustable!

B725 PRO TRAP ADJUSTABLE HIGH RIB

The B725 Pro Trap Adjustable High Rib is equipped with Pro Fit Rib technology. The raised battue rib is the finishing touch to harmonise shooter and gun. It can be adjusted as you like to fine-tune the barrels' point of impact. In addition, with its graduated shim-adjustable comb, the Monte Carlo stock makes it an ergonomic firearm.

THE B725 PRO TRAP ADJUSTABLE HIGH RIB IS EQUIPPED WITH *PRO FIT RIB*

TWO-TIME WORLD

STEEL SHOT PROVED

B725 SPORTER

THE LEGENDARY STRENGTH IS NOW COMBINED WITH REVOLUTIONARY DESIGN AND FEATURES

The Browning B725 is an aesthetic and technical revolution in over-and-under shotguns. Based on the legendary B25, it is innovative whilst retaining the many existing design features of the B525, which make it the most outstanding over-and-under shotgun on the market.

B725 SPORTER

THE WORLD CHAMPIONSHIP WINNING SHOTGUN

B725 SPORTER G5

This de luxe version of the B725 has an elegant engraving that is entirely hand-finished. The oil-rubbed wood is of superior quality. This shotgun comes with a luxurious opaline case for safe carry.

CRISTOBAL JIMÉNEZ MARTINEZ: A CHAMPION SHOOTING STRAIGHT TO THE TOP

Browning is the 2021 FITASC Compak Sporting world champion! Browning reigns as one of the definitive names in sports shooting: always aiming higher!

1

INFLEX™ II RECOIL PAD

The exclusive design and material deflect the recoil forces downwards, thus pulling the stock slightly away from your face in order to reduce the recoil and upward motion of the gun. Two other pads, 20mm or 25mm thick (available as an option), make it easy to adjust the length of your stock.

2

HIGH-PERFORMANCE MECHANICAL TRIGGER SYSTEM

This firing system is shorter, faster and lighter giving more control over your shooting. Browning's innovative mechanical firing system provides great ease of use, guaranteeing that a second shot can be fired whatever the circumstance.

3

LOW ACTION FRAME

The low action frame provides the benefit of faster aiming and, therefore, more instinctive shooting. The frame's inline recoil reduces muzzle flip providing a more comfortable shooting position, making it highly manœuvrable and effective when shooting.

ACTION FRAME GUARANTEED FOR 10 YEARS.

4

BACK-BORED™ VECTOR PRO™ BARREL

The Back-bored™ Vector Pro™ barrel has an increased internal bore diameter and longer forcing cone. One barrel, two features, three benefits: greater velocity, better shot pattern and penetration, and reduced recoil.

5

INVECTOR DS™ CHOKES

The Invector DS™ chokes provide unrivalled performance due to the optimal length of 80mm, the exclusive internal shape and patented gas seal segment.

THE WORLD CHAMPION SHOTGUN

A WORD FROM AMY EASEMAN, EUROPEAN VICE-CHAMPION IN 2022

Never give up!

"Becoming world champion is just fantastic," says Amy Easeman. "It shows that you have to keep going and never give up. It's the culmination of a lot of work on yourself."

B725 SPORTER BLACK EDITION

This B725 has an all-black action frame with a subtle, elegant engraving. The Browning B725 is an aesthetic and technical revolution in over-and-under shotguns. Based on the legendary B25, it is innovative whilst retaining the many existing design features of the B525.

B725 SPORTER ADJUSTABLE

This B725 is supplied with an adjustable comb that lets you alter the drop and cast the way you want it. You can adjust the gunstock with mm precision for accurate aiming. The gunstock is also ready to accommodate counterweights (not included).

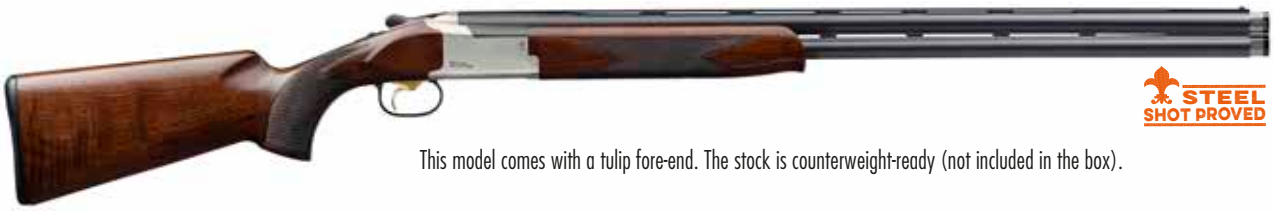

>> ALSO AVAILABLE WITHOUT THE ADJUSTABLE COMB.

B725 SPORTER TF ADJUSTABLE

This version of the B725 Sporter features a fore-end contoured to suit the demands of trap shooting. This B725 is supplied with an adjustable comb that lets you alter the drop and cast the way you want it.

B725 SPORTER 12M

STEEL SHOT PROVED

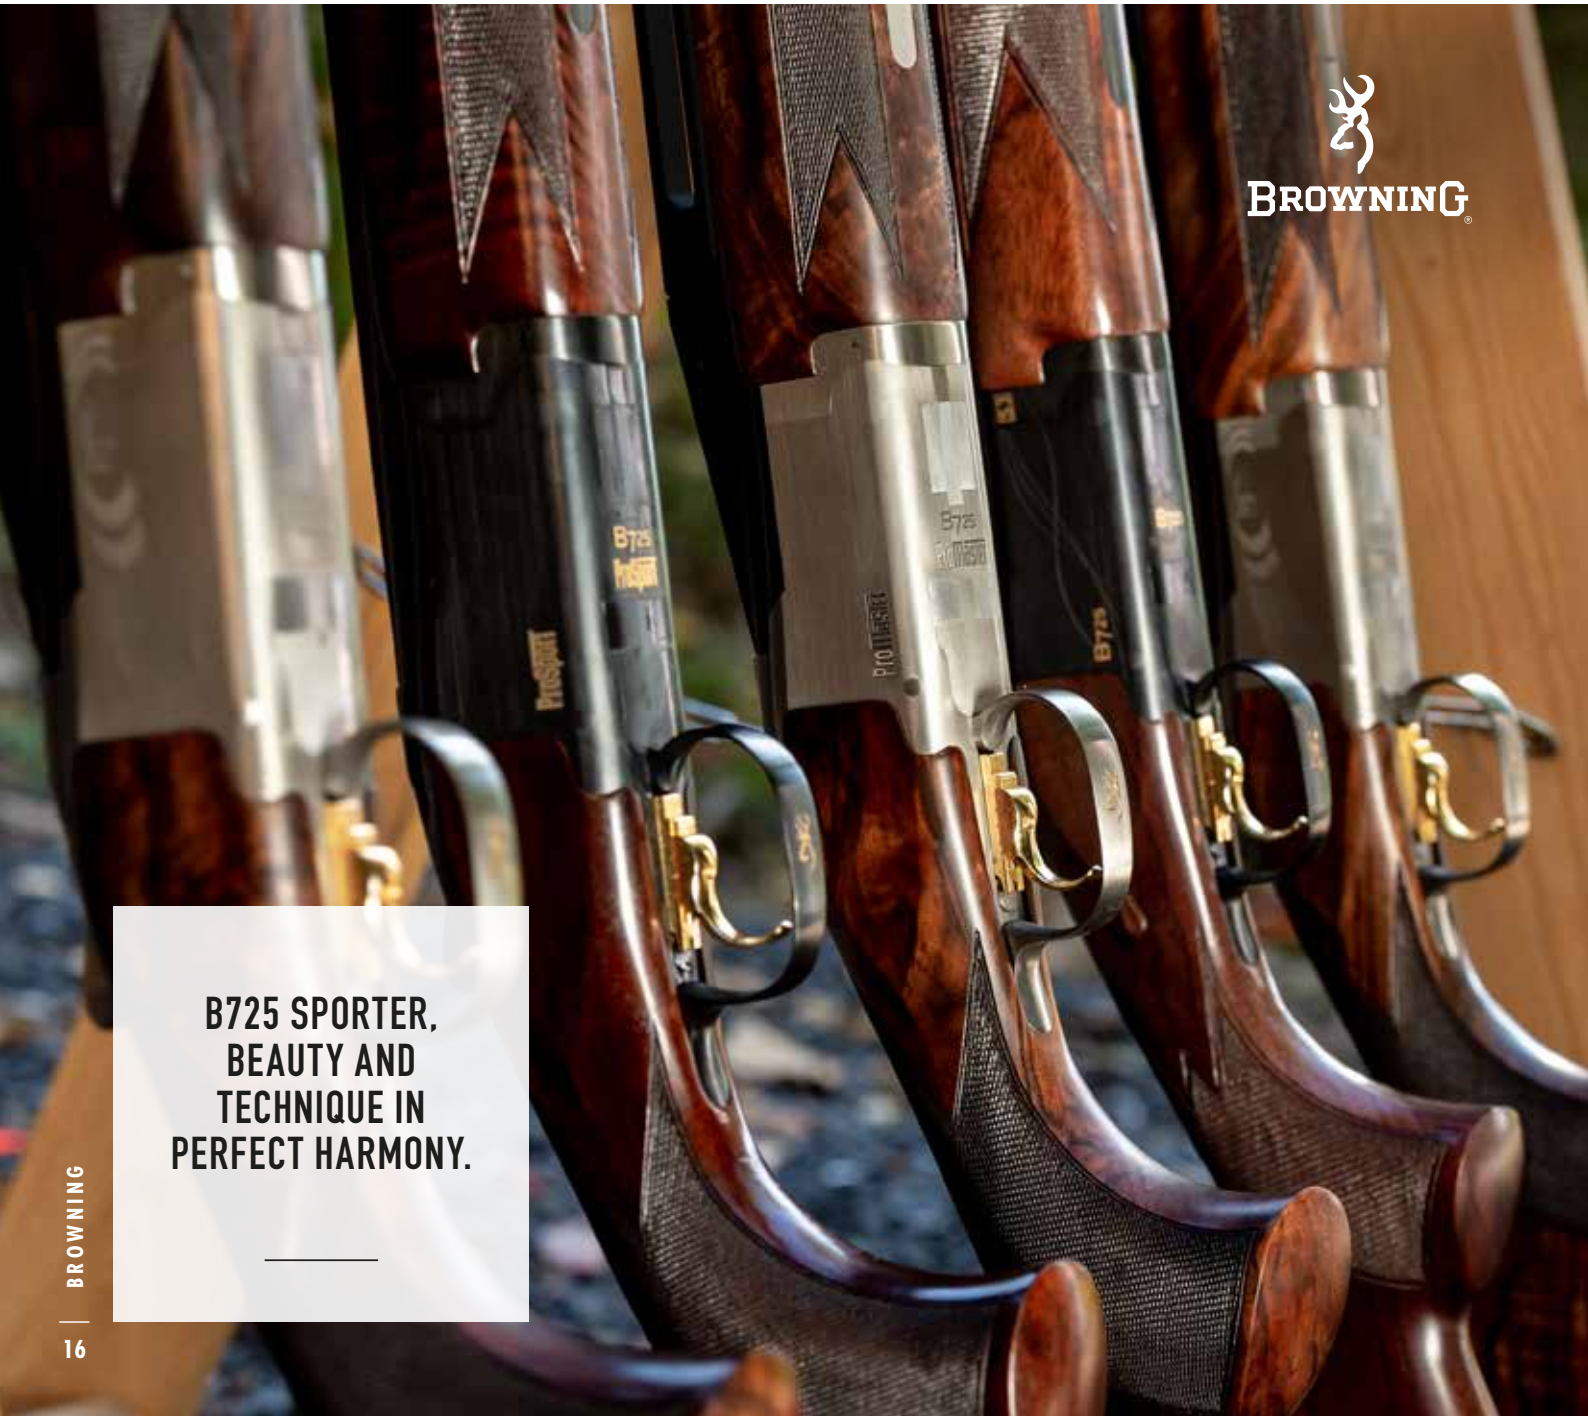

This model comes with a tulip fore-end. The stock is counterweight-ready (not included in the box).

Browning

STEEL SHOT PROVED

B525 SPORTER

A NEW DESIGN ON EXCELLENCE

This year, we are adding a whole series of improvements to the B525 Sporter that underline its inherent qualities just that little bit more. The barrel is now matt black to reduce glints from the sun.

The grey trigger is adjustable, while the action frame bears a new engraving that is understated yet appealing. The stock is counterweight-ready. The B525 Sporter is delivered with a 12 mm Inflex II recoil pad (except Reduced Stock) so you can easily extend the stock by adding a thicker pad.

NEW

B525 COMPOSITE

TOP OF THE RANGE IN ALL TERRAIN

B525 COMPOSITE

The B525 Composite model is packed with appeal! Outstandingly rugged, fully adjustable, and more than a match for harsh weather and intensive shooting sessions. The overmoulded pistol grip and fore-end provide better handling while showing off its attractive lines to subtle effect. The balance can be adjusted with weights and counter-weights on the barrels and stock to give you that perfect swing. The adjustable cheek piece offers target acquisition in the blink of an eye, and the trigger is also easily adjustable for maximum comfort. The B525 Composite also features Back-Bored™ barrels that are perfect for steel shot, and an Inflex™ II recoil pad for gentler felt recoil.

1

INFLEX™ II RECOIL PAD

The exclusive design and material used promote a downward deviation of the direction of the recoil forces, thus pulling the stock slightly away from your face in order to reduce the recoil and upward motion of the gun. Two other pads, 20mm or 25mm thick (available as an option), make it easy to adjust the length of your stock.

2

ADJUSTABLE CHEEK PIECE WITH MEMORY SYSTEM

Minutely adjustable cheek piece for an accurate aim.

3

ADJUSTABLE TRIGGER

The adjustable Triple Trigger System lets you make minute changes to the finger-trigger position on target shooting models. It includes three trigger shoes: wide chequered, narrow smooth and wide smooth canted.

4

MATT BARREL

The barrel finish is matted by a bead blasting process to limit glints from the sun when taking the shot.

5

PROFIT BALANCE™

The stock is ready for a stock and barrel counterweight system (not included in the box).

6

INVECTOR-PLUS™ CHOKES

Browning developed Adjustable Invector-Plus™ chokes for our Back-bored™ barrel system. We designed them to obtain a perfect target at different shooting distances. Depending on the Browning choke you use, you can adapt your gun perfectly for the distances at which you shoot and the game you are hunting.
(Cyl = 15m, ¼ Choke = 20m, ½ Choke = 25m, ¾ Choke = 30m).

LIKE THE B725, THE B525 IS ASSEMBLED BY HAND.

Fitting important parts is done employing traditional methods (using red ochre) so as to make the Browning B525 the reference in shotguns. The attention to detail is unique, just like the 'Browning feeling' when the gun locks on closing.

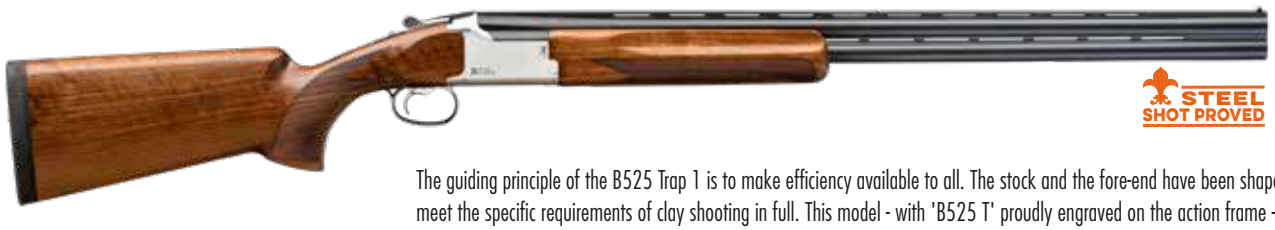

B525 SPORTER LAMINATED ADJUSTABLE 12M

This B525 SL adds another distinguishing feature to its hallmark sporty and aggressive style, with uniformly compact laminated wood that provides superior rigidity for a perfectly stable shot.

B525 TRAP

B525 TRAP 1 TF 12M

The guiding principle of the B525 Trap 1 is to make efficiency available to all. The stock and the fore-end have been shaped to meet the specific requirements of clay shooting in full. This model - with 'B525 T' proudly engraved on the action frame - also comes with four Invector-Plus™ chokes.

HERITAGE

HERITAGE SPORTER II

The Heritage Sporter II combines the performance of a modern shotgun with the elegance of a true deluxe gun. It has the lines of the hunting model with its magnificent side plates, but with the specifications of the Sporter versions. The pistol-grip stock and tulip fore-end are made from beautiful, oil-finished walnut. Each gun is beautifully engraved.

B525 SPORTER

NEW

EXCELLENCE REDESIGNED

This year, we have made a whole series of improvements to the B525 Sporter range that highlight its inherent qualities that little bit more. The barrel is now matted to limit sun glints. The grey trigger is adjustable, while a new, understated engraving has been added to the action frame. The stock is counterweight-ready. The B525 Sporter comes with a 12 mm Inflex II recoil pad, so now you can easily lengthen the stock using a thicker recoil pad.

B525 SPORTER 1 12M

1

INFLEX™ II RECOIL PAD

The exclusive design and material used promote a downward deviation of the direction of the recoil forces, thus pulling the stock slightly away from your face in order to reduce the recoil and upward motion of the gun. Two other pads, 20mm or 25mm thick (available as an option), make it easy to adjust the length of your stock.

2

BACK-BORED™ BARRELS STEEL-SHOT PROOFED

The aim of a Back-Bored™ barrel is to increase the bore diameter, which improves performance in three ways:

- High velocity
- Better penetration
- Lower recoil.

3

MATTE BLUING

Limit reflections.

4

STOCK PREPARED FOR COUNTERWEIGHT

Optimize balance/ergonomics

5

B525S ENGRAVING

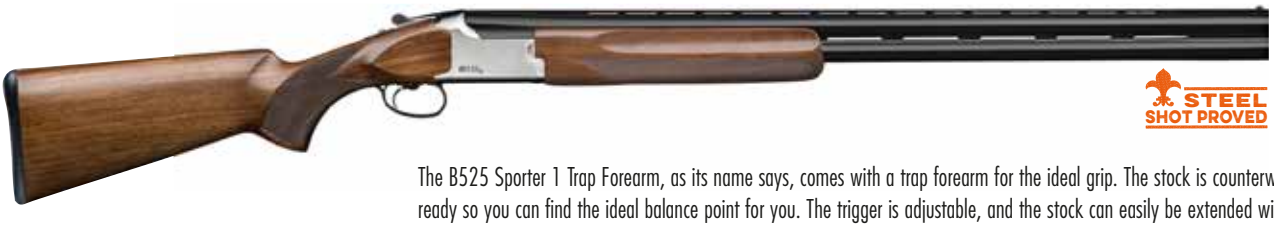

More sporty, modern while remaining sober.

6

NEW ABS BOX FOR CHOKES

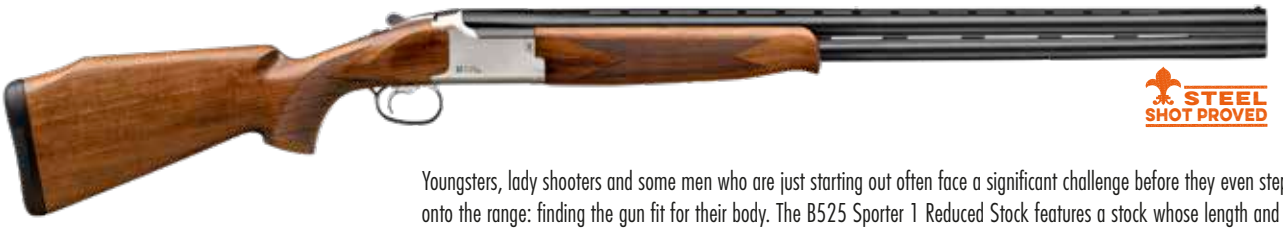

B525 SPORTER 1 TF 12M

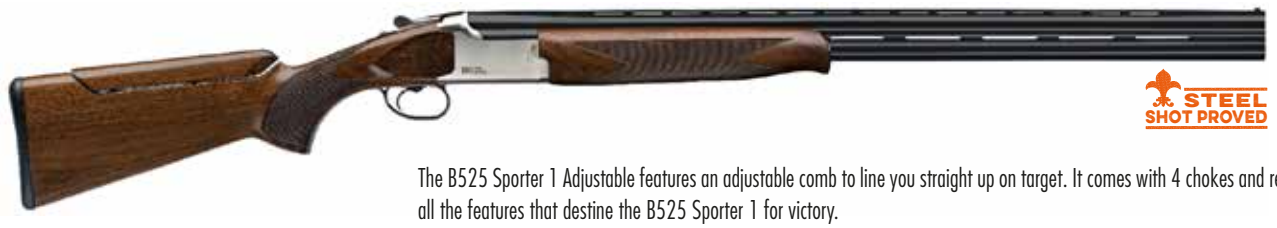

The B525 Sporter 1 Trap Forearm, as its name says, comes with a trap forearm for the ideal grip. The stock is counterweight-ready so you can find the ideal balance point for you. The trigger is adjustable, and the stock can easily be extended with the additional Inflex II recoil pads.

B525 SPORTER 1 REDUCED STOCK 12M

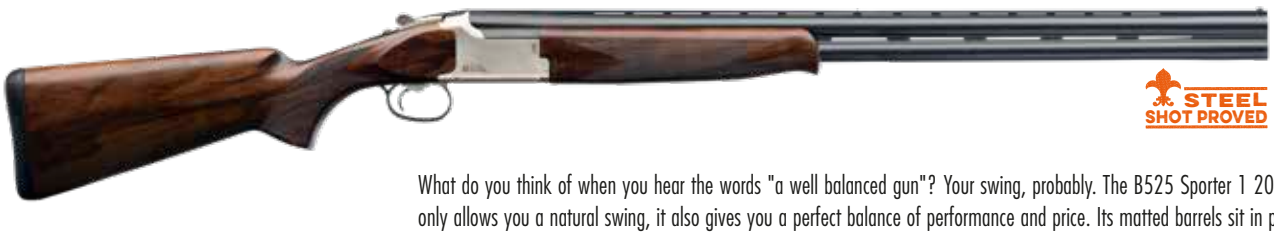

Youngsters, lady shooters and some men who are just starting out often face a significant challenge before they even step out onto the range: finding the gun fit for their body. The B525 Sporter 1 Reduced Stock features a stock whose length and drop and cast have been designed with them in mind. This gun comes with extra pads that can be added to extend the stock and help them progress.

B525 SPORTER 1 ADJUSTABLE 12M

The B525 Sporter 1 Adjustable features an adjustable comb to line you straight up on target. It comes with 4 chokes and retains all the features that destine the B525 Sporter 1 for victory.

B525 SPORTER 1 12 & 20M

What do you think of when you hear the words "a well balanced gun"? Your swing, probably. The B525 Sporter 1 20M not only allows you a natural swing, it also gives you a perfect balance of performance and price. Its matted barrels sit in perfect counterpoint to the elegant engraving across the action frame. Its adjustable trigger and counterweight-ready stock make it easily customisable.

ULTRA XT PRO

THE FULL OPTION FOR CHAMPIONS

THE MOST RELIABLE SHOTGUN

Would you like to collect medals with the same predictability as the shooters on the official Browning team? The Ultra XT Pro Adjustable is for you. A perfectly adaptable fit thanks to its adjustable comb, two spacers, extra triggers, and weights and counterweights for altering the balance point make the Ultra XT Pro a formidable gun on the range. With the 8 Invector-Plus™ Titanium Extended chokes, you'll be ready for any situation.

ULTRA XT PRO ADJUSTABLE TF

1

PACHMAYR RECOIL PAD

Better shouldering.

2

With silver edging.

4

XT PRO VENTILATED TOP RIB

13-10mm. Ventilated side ribs.

5

CHROME-PLATED AND BLUED BARREL

With jewelled block.

6

CASE

Opaline case with 8 Invector-Plus™ Titanium Extended Chokes.

ULTRA XS

STEEL SHOT PROVED

THE 2023 WORLD CHAMPIONSHIP WINNING SHOTGUN

Sam Green is the 2019 and 2023 double World Champion (FITASC World Sporting and World English Sporting). With its eight Invector-Plus™ Titanium Extended™ chokes, two inserts, three Inflex™ recoil pads and three trigger shoes out of the box, the Ultra XS Pro Adjustable Comb can be custom-balanced thanks to a neat system of weights and counterweights for the stock and barrel. What the Ultra XS Pro Adjustable Comb with its trap forearm gains in technical innovation doesn't come at the cost of elegance: the proof is in the new engraving that adorns the action frame and the grade 4 oil-rubbed finish of the wood.

ULTRA XS PRO ADJUSTABLE COMB

1

INFLEX™ II RECOIL PAD

The exclusive design and material used promote a downward deviation of the direction of the recoil forces, thus pulling the stock slightly away from your face in order to reduce the recoil and upward motion of the gun. Two other pads, 20mm or 25mm thick (available as an option), make it easy to adjust the length of your stock.

2

ADJUSTABLE COMB

The Pro Fit adjustment system positions the comb perfectly, and the drop and cast can be trimmed using the adjustment screw. If the comb is to be removed, clearly visible markings help you easily adjust and re-assemble your shotgun.

3

INVECTOR-PLUS™ TITANIUM EXTENDED™ CHOKES

Specially developed for our Back-Bored™ barrels. They are designed for "perfect targeting" at different ranges. You can fine-tune your shotgun to your ranges of fire and to the game you are hunting (Cyl=15 m, 1/4Choke=20 m, 1/2Choke=25 m, 3/4Choke=30 m).

CYNERGY

STEEL SHOT PROVED

THOROUGHLY MODERN STYLING

STAY AHEAD OF THE GAME!

Cynergy gives you the lowest action frame on the market (60mm) and the fastest firing system (0.0019 seconds). The composite stock and fore-end make the Cynergy shotgun significantly light and rugged. Finally, the Cynergy's Back-bored™ barrels are also suited to high-performance steel shot shells.

CYNERGY COMPOSITE BLACK

1

INNOVATIVE DESIGN

The exclusive structure of this pad absorbs 1.5 to 2 times more recoil than a conventional pad. The stock length can be adjusted with an insert.

2

FAST FIRING SYSTEM: 0.0019 SECONDS

The specific striker mechanism on this shotgun cuts the time between the first and second shots to just 0.0019 seconds, compared to 0.0031 seconds for its nearest rivals.

3

ACTION FRAME: 60MM, THE LOWEST ON THE MARKET

The exclusive integrated hinge system gives an ultra-low action frame, which has the advantage of making it a natural extension of the shooter.

10-YEAR ACTION FRAME WARRANTY.

CYNERGY IS ALSO AESTHETICALLY MODERN AND ATTRACTIVE, AN INNOVATIVE DESIGN CARRIED BY TRIM, FINE CONTOURS AND A SLENDER OUTLINE.

OUR GUNS ARE ALSO DESIGNED FOR LEFT HANDERS

BECAUSE EVERY SHOOTER HAS THE RIGHT TO TOTAL COMFORT.

NO-ONE IS LEFT OUT: TRUE LEFT HAND!

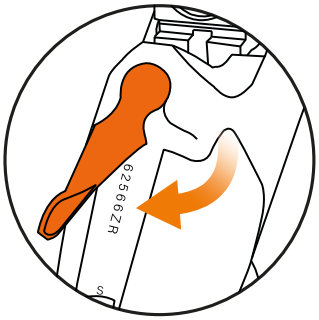

Hunters and shooters have at least one thing in common:

their unwaveringly high demands. They push themselves as hard as their equipment when it comes to reaching their targets.

A gun that fits your body and your requirements is the best stepping stone to success. Browning has also thought of left-handed shooters with its True Left Hand models.

The stock on these models is designed to fit perfectly in the left shoulder.

But the innovative feature is in the top lever, which - you've guessed it - opens to the left! Now left-handed shooters can get back to shooting by instinct and enjoy a gun made for them.

MAKE YOUR GUN CORRESPOND TO YOUR SIZE.

BROWNING PROPOSES THE VERY ULTIMATE TO YOU BY OFFERING TO ADAPT YOUR GUN TO YOUR PERSONAL SIZE.

This service is for everyone whether tall, short, unique as we like to say, as Browning has made the perfect gun for you and your passion - shooting and hunting.

The stock can be adjusted by altering 3 important criteria: Its length, its pitch or even a version for left-handers.

THE DIFFERENT TYPES OF STOCK

MODEL	LENGTH	DROP	CAST	PITCH
STANDARD 1	375 mm	36 - 56 mm	0 - 2 mm	85°
MICRO 2	345 mm	36 - 50 mm	0 - 2 mm	85°
LIBERTY LIGHT + SPORTER RS 3	342 - 350 - 355 mm (12, 20 & 25 mm)	32 - 42 - (61) mm	4 - 10 mm	80°

1

TWO REACTAR™ RECOIL PAD POCKETS

However hard you train, the repeated impacts against your shoulder are also going to impact your performance. The Reactar™ pad (p. 47) absorbs a large propotion of the recoil so that you can keep your mind on the target.

2

ELASTICATED BELT WITH BUTTONS

The weight of the cartridges can hamper your movement when you're taking the shot. The new comfort-fit elasticated belt on your Browning vest puts the weight of the cartridges on your hips instead of your shoulders for smooth and unhindered movement.

3

NEW SLIM FIT

A poorly fitting vest won't help you get that perfect swing, and your performance will suffer. The new slim-fit Browning vest is perfectly tailored to your body, moves with you, and lets you show exactly what you can do.

4

TWO-WAY ZIPPER

Our designers have added a two-way zip so that you can adjust your vest perfectly to your body shape. Now your vest will always provide the perfect fit, your shots will be more relaxed and you'll be at the top of your game.

5

ERGONOMIC POCKETS AND REAR POCKET

The large ergonomic front pockets give you easy access to the ammunition.

6

HIGHLY BREATHABLE MESH BACK

The mesh back keeps it lightweight and provides ventilation and extra storage.

SHOOTING APPAREL

PRODUCTS YOU CAN RELY ON

Browning offers a full range of clothing made to the same high standards as its guns. Our competitive prices and ultra-technical product range have firmly established us as an essential clothing brand for hunters and sport shooters.

BUCK MARK

ACCURATE AND RELIABLE IN ONE

Browning Buck Mark rimfire pistols are highly valued due to their quality, reliability and accuracy. These pistols have a receiver made from a single aluminium block machined using numerical control. The barrel is machined in a single top-quality steel block and the chamber is hand-bored to guarantee optimal accuracy.
